Booth FAQ

What people ask, and what to say. Short and honest. If it is not on this sheet, say you will ask the team.

ABOUT BLUELINK

Is this an official Ateneo thing?	No. Ateneans made it. It is not an official Ateneo de Manila University service, and the school does not run it.
Who can join?	Anyone 18 or older with an Ateneo email: college students, alumni, and faculty.
Why pay?	₱50 a semester keeps out spam and fake accounts, and keeps the room small and serious. Everyone pays the same. No premium tier.
Where is my money going?	It runs BlueLink: hosting, email, and upkeep.
Refunds?	Yes. Ask within 7 days for a full refund: [CONTACT — to confirm].

PRIVACY

Who sees my data? Do you sell it?	Only members see your profile and posts. We never sell your data. The privacy notice says what we keep and why: bluelink.example/#/privacy.
Can the team read my messages?	No. Messages are private. Admins only see a message if someone reports it.
Can I delete my account and data?	Yes. In Settings. It is deleted right away.

SAFETY AND RULES

Is it safe for students if alumni and faculty are on it?	18+ only. Every profile has report and block. The rules ban harassment, and we remove people who break them.
Can people use it to cheat?	No. The rules ban selling or asking for answers, homework, or papers. Report it and we remove it.

Concerns, the sale, and what not to say

Stay calm and polite. Never promise more than BlueLink does.

IF SOMEONE HAS A CONCERN

01	**Listen.**	Let them finish. Do not argue.
02	**Say it is fair.**	“That’s a fair question.”
03	**Answer from this sheet only.**	If it is not here, say you will ask the team.
04	**Write it down.**	Who asked, what they asked, and how to reach them. Tell the team the same day.

THE SALE, IN 4 STEPS

01	**Check first.**	They are 18+ and have an Ateneo email. If not, do not sell.
02	**Take the payment.**	₱50 cash, or GCash. Check the GCash payment came in.
03	**Give the card.**	Write the code on the back. Log the time, the code, and how they paid.
04	**Help them redeem.**	Sign in, tap “Have a code?”, type the code. Right there at the table.
